## **CALL FOR APPLICATIONS**

### **CASE FELLOWSHIP ON BUILDING DECARBONIZATION FOR THE BUREAU OF ENERGY AND TECHNOLOGY POLICY, CONNECTICUT DEPARTMENT OF ENERGY AND ENVIRONMENTAL PROTECTION**

The Connecticut Academy of Science and Engineering (CASE) is accepting applications for a Two-Year Science and Technology Policy Fellowship for Building Decarbonization for the Bureau of Energy and Technology Policy, Connecticut Department of Energy and Environmental Protection (DEEP), Hartford, Connecticut, to begin between November 2021 and December 2021. Eligible candidates must have a PhD or equivalent terminal degree — or for engineers, a masters in engineering with a minimum of three years of professional experience — in an environmental and/or energy science-related discipline with a focus on building electrification and/or climate solutions; knowledge of net-zero strategies for building decarbonization; experience working collaboratively with diverse stakeholders from the public and private sectors; word processing, spreadsheet, database management skills required; and excellent research, interpersonal and communication skills. **PhD candidates will be considered if completion of their PhD is imminent** (see the *FELLOWSHIP APPLICATION* and *FREQUENTLY ASKED QUESTIONS* for more information).

This is an opportunity for a scientist/engineer to engage at the nexus of research and policy on a significant energy and technology policy issue.

**APPLICATION DEADLINE:** November 19, 2021 at 5:00 pm EST

**\*MIDPOINT REVIEW:** Applications received by Oct. 8, 2021 (5:00 pm EDT), will be reviewed by the CASE Fellowship Selection Committee. If a Fellow is selected from this pool of applicants, the CALL FOR APPLICATIONS will be closed prior to the November 19, 2021 Deadline. Changes to the Deadline can be viewed/verified via the following:

This Fellowship is an opportunity to transform a researcher's professional path. Some researchers who have completed Fellowships opt to remain in public service, while others return to academia, nonprofits, or industry with a deeper understanding of how science informs policymaking, enhancing their career as researchers, professors, consultants, and leaders from professional organizations, business and industry.

*CASE seeks to identify a diverse pool of candidates, including broad representation from individuals at different career stages, gender, age, race/ethnicity, physical ability, geographic location, and institutional affiliation.*

### **About the Connecticut Academy of Science and Engineering**

*The Academy is a non-profit institution patterned after the National Academy of Sciences to identify and study issues and technological advancements that are or should be of concern to the state of Connecticut. It was founded in 1976 by a Special Act of the Connecticut General Assembly.
